

Intimations 04/01/26

Good Morning and Welcome to Westhills Church. And a Good New Year to one and all !!!

This time of year is typically quiet in church life and produces little in the way of intimations. We are in the curious position where there are probably many many things that need to be highlighted as we begin the life of Westhills Church. However, I am not going to bombard you with lots of information. Today is a day for just being together.

This incoming week sees organisations resuming activities after the holiday period. Disco Buddies meet on Tuesday morning, Coffees and Prayer Time on Wednesday and Probus Club meets on Wednesday afternoon here.

In our Greenhills campus: The Tuesday morning Coffees continue and community groups resume their meetings.

In this incoming week the Christmas tree and other decorations will be coming down. If you placed a bauble on the tree in memory of a loved one, today may be a good time to rescue it.

Finally let me pass on a heartfelt thank you to members of the Working Group for arranging lunch today and to all the volunteers who are preparing lunch from the kitchen or waiting on tables and so forth. Your willingness to make this first Sunday a good day is much appreciated. We do not require any donation or contribution toward lunch today. Just enjoy the food and the conversation.

Our thanks also to Rev John Brewster for being with us today and participating in the Lord's Supper.
