

Intimations 16/8/26

At the time of our congregational AGM, June Cormie, our Treasurer highlighted the growing difficulties of banking notes and coins that arrive in our offering plate. The nearest bank branch accessible to us for handling cash donations is in Giffnock. We have since learned that the Giffnock branch will close in September! Let me then again encourage you to use a Bank Standing Order for your giving to the church. The less cash we need to handle the easier it will be to manage church finances.

Kay Whitehead informs me that activities in church on a Wednesday morning namely the Teas and Coffees and the library where books can be borrowed or purchased, has, since the beginning of this year, raised £1,055 for church funds.

We have now been able to update church email addresses to reflect the westhills-church domain we use on the internet. This means that the email address many of you use to contact me has changed. Please update your contacts. The minister can now be emailed on- minister@westhills-church.org.uk
