

Intimations 04/10/26

Other than a few finishing touches all the works to the heating system are finished and all groups and organisations can resume this incoming week. Thank you for your patience while these works were carried out. The boiler room or plant room is now dedicated to heating and electrical utilities and cannot, must not, be used as a store room!

In addition to the heating works, new smoke alarms have been fitted throughout the building and the disabled toilet now has an alert pull cord should anyone be in difficulty and require assistance.

Thanks to our Flower Committee for again preparing our church for today's Harvest Thanksgiving service. Thanks also to you as a congregation for the support you have shown towards Loaves and Fishes today and in the weeks ahead through your 'Just One Thing' gifts.

My Thanks to those who have been able to take up a role on the Mission Planning Group. I will be in touch with them tomorrow to arrange our first meeting hopefully before the end of this week.

Kilbride Ladies Club meet within the Sanctuary on the afternoon of Thursday 8th October.

The next Trustees meeting will be on Monday 12 October at 7.30pm

Second Wednesday service takes place on 14 October at 1.30pm within the sanctuary.
